The world-wide known these Melodeons have obtained within the last few years is a sure evidence of their superiority over all others. We are now manufacturing some thirty different kinds of these instruments, and have recently added to our former large variety, the

COTTAGE ORGAN,

These organs have had no equal in size for power and efficiency, and are really the most desirable for Sabbath Schools, Churches, Lecture Rooms, Vestries, Public Halls, &c., that can be obtained, as the low price at which it is sold brings it within the means of the most limited, and supplies a place which it has long been felt no instrument was needed. Its size, compactness, power and beauty of construction and ease of management, will soon recommend it to every one as being all that is claimed for it.

Manhood: how Lost, how Restored.

Just published, a new edition of Dr. Curvelly's Celebrated Essay on the radical cure (without medicine) of SPERMATORRHÉA, or seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Impotency, Impediment to Manhood, &c. &c. CONSUMPTION, Fevers, and Frits, induced by self-abuse or sexual extravagance.

Price, in a sealed envelope, only 6 cents.

The celebrated author in this admirable essay clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous and often fatal use of the knife, pointing out a state of ease at once simple, certain, and eternal, by means of which every sufferer, no matter what his condition may be, may cure himself, privately, and radically.

This Lecture should be in the hands of every youth and every man in the land.

PURE EXTRACT OF TOBACCO

For Sheep Wash.

RECTIONS FOR USE—For Ticks, dissolve one pound of the Paste in sixteen gallons of water, and so on, until you have sufficient to cover the surface of the water. If necessary add a few drops of oil of lavender.

It is better first to dissolve the Paste in a small quantity of hot water. The Ticks are not destroyed immediately, but the next day will be found alive.

For Seab, the treatment is the same, but the solution must be made much stronger, according to the judgment of the person using it, and several applications will be necessary.

For Vermilion on Cattle and Horses, and for Infestations Vegetation it will be better to increase its strength to fourounces to a gallon of water.

Price, in a sealed envelope, only 6 cents.
